Copays

A copay is a small amount that a member pays when they get health services. The only time that a member may have a copay is when they get certain prescription drugs. Most members pay the following pharmacy copays:

- \$1 for each prescription and refill for each generic drug and over-the-counter drug covered by MassHealth in the following drug classes: antihyperglycemics, antihypertensives, and antihyperlipidemics; and
- \$3.65 for each prescription and refill for all other generic, brand-name, and over-the-counter drugs, covered by MassHealth that are not \$1 as outlined above or excluded.

If a member is receiving a 90-day supply of a MassHealth covered prescription drug, the total copay amount for that 90-day supply will still either be \$1 or \$3.65 as outlined above.

The following prescriptions and refills do NOT have any pharmacy copays:

- Drugs used for substance use disorder (SUD) treatment, such as medication-assisted therapy (MAT) (for example, Suboxone or Vivitrol),
- Certain preventive drugs such as low-dose aspirin for heart conditions, drugs used to prevent HIV, and drugs used to prepare for a colonoscopy,
- Certain vaccines and their administration,
- Family planning drugs or supplies, such as birth control pills (oral contraceptives),
- Drugs to help you stop smoking,
- Emergency services,
- Provider preventable services, or
- Other services described in MassHealth regulations (130 CMR 506.015 and 130 CMR 520.037).

Prescription drugs are the only benefit that may have copays. There are no copays for other covered services and benefits.

Members who do NOT have pharmacy copays

Some members do not have to pay a copay at all. You do not have to pay a MassHealth copay for any service covered by MassHealth if:

- Your income is at or below 50% of the federal poverty level (FPL)
- You are eligible for MassHealth because you are receiving certain public assistance benefits such as Supplemental Security Income (SSI), Transitional Aid to Families with Dependent Children (TAFDC), or services through the Emergency Aid to the Elderly, Disabled and Children (EAEDC) Program. See regulations at 130 CMR 506.015 and 130 CMR 520.037
- You are under 21 years old
- You are pregnant or you have recently given birth (you are in the postpartum period)
- You are receiving benefits under MassHealth Limited (Emergency Medicaid)
- You are a member who has MassHealth Senior Buy-In or MassHealth Standard, and you are receiving a drug that is covered under Medicare Parts A and B only, when provided by a Medicare-certified provider,

This Covered Services List is effective 7/1/2021.

If you have questions, call Fallon Health Customer Service at 1-855-508-4715 (TTY: TRS 711 for people with partial or total hearing loss). Hours of operation are Monday through Friday 8 a.m. to 6 p.m.

- You are in a long-term care facility such as:
 - A nursing facility
 - Chronic-disease or rehabilitation hospital, or
 - Intermediate-care facility for individuals with intellectual disabilities, or
 - You have been admitted to a hospital from such a facility or hospital
- You are receiving hospice services
- You were a foster care child and you are eligible for MassHealth Standard, until age 21 or 26 as described in regulations at 130 CMR 505.002(H),
- You are American Indian or an Alaska Native and you are currently receiving or have ever received services at the Indian Health Service (IHS), an Indian tribe, a tribal organization, or an urban Indian organization, or
- You are in another exempt category (see regulations at 130 CMR 506.015 or 130 CMR 520.037).

Copay Cap

Members are responsible for MassHealth pharmacy copays up to a monthly limit, called a copay cap, not to exceed 2% of the member’s monthly household income.

- A copay cap is the highest dollar amount that members can be charged in pharmacy copays in a month.
- MassHealth calculates a monthly copay cap for each member based on the lowest income in their household and their household size. MassHealth rounds the copay cap down to the nearest \$10 amount. No copay will be more than \$60. The following table shows what the member’s final monthly copay cap will be:

If the member’s monthly copay cap is calculated to be:	The member’s final monthly copay cap will be:
\$0 to \$9.99	No Copays
\$10 to \$19.99	\$10
\$20 to \$29.99	\$20
\$30 to \$39.99	\$30
\$40 to \$49.99	\$40
\$50 to \$59.99	\$50
\$60 or More	\$60

- For example, if your monthly copay cap is \$12.50 in July, you will not be charged more than \$10 of copays in July. If your household income or family size changes in August, your monthly copay cap may change for August.

This Covered Services List is effective 7/1/2021.

If you have questions, call Fallon Health Customer Service at 1-855-508-4715 (TTY: TRS 711 for people with partial or total hearing loss). Hours of operation are Monday through Friday 8 a.m. to 6 p.m.

Members do not need to pay any more pharmacy copays once they have reached their pharmacy copay cap for the month. MassHealth will send members a letter when they reach the monthly copay cap. If the pharmacy tries to charge the member any more copays for that month, the member should show the pharmacy the letter and the pharmacy should not charge the copay. Members who do not receive a letter, or who have any questions, should call the MassHealth Customer Service Center. See contact information below.

Members who CANNOT pay the copay

The pharmacy cannot refuse to give members their covered drugs even if they cannot pay the copay. However, the pharmacy can bill members later for the copay. Members must call the MassHealth Customer Service if a pharmacy does not give them the drugs. See contact information below.
