## Section 1: Introduction

This directory provides a list of Fallon Medicare Plus's network providers.

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP. Your PCP will manage your routine care and will refer you to specialists as needed. When selecting a new PCP, please contact your preferred PCP to determine if they are accepting new patients.

You may change your PCP by calling our Customer Service Department at 1-800-325-5669 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (7 days a week, Oct. 1–March 31), or by going online to [fallonhealth.org/medicare](http://fallonhealth.org/medicare) (click on "MyFallon online portal" under "Member resources" and log in to MyFallon). When you change your PCP, the change will become effective immediately. Please remember that your choice of PCP will determine the hospitals and specialists to which you will have access. If the PCP to which you are changing belongs to a different hospital or medical group than your previous PCP, the hospitals and specialists to which you will have access may also change.

**Important! Your choice of PCP determines the specialists and hospitals you will be referred to for care by your PCP because they have affiliations with only certain specialists and hospitals in our network. Your PCP does not have access to all of the specialists and hospitals in our network. Please see "Provider Affiliation" under each provider name in Section 2: List of Network Providers. "Provider Affiliation" will tell you the medical group the PCP is associated with. In most cases, the PCP will refer you to specialists in the same medical group.**

The network providers listed in this directory have agreed to provide you with your health care services. You must use network providers except in emergency or urgent care situations (or for out-of-area renal dialysis or other plan-approved services). If you obtain routine care from out-of-network providers, neither Medicare nor Fallon Medicare Plus will be responsible for the costs.

You may go to any of our network providers listed in this directory; however some services may require a referral. A referral is a recommendation from your provider for you to see another physician or provider, typically for services outside of your provider's scope of practice. Getting a referral is not a guarantee that Fallon Medicare Plus will cover the service.

If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers. Generally, a covered service from non-network providers requires prior authorization.

Those providers who are identified as practicing concierge medicine may only be available to patients who pay an annual fee or retainer to the provider in order to join the practice. You can identify these providers in this directory by looking for the status "cs" at the bottom of the provider listing.

In most cases, you may see specialists only when referred by your PCP. For example, if you need to see an allergist, a doctor that takes care of you when you have allergies, your PCP will arrange a referral for you. You may not set up an appointment without first consulting your PCP. In some cases, you do not need a referral. For example, you do not need a referral for behavioral health and substance use disorder services, OB/GYN services and eye exams. You can learn more about services that do not require a referral in your Evidence of Coverage.

Fallon Medicare Plus members may also use their Benefit Bank for comprehensive dental services. Dental services that are paid for with the Benefit Bank do not have to be provided by a plan network dentist. These services also do not require a referral. For more information about comprehensive and preventive dental care, please see your Evidence of Coverage.

Hearing aids must be purchased through an Amplifon\* provider in order to be covered with a copayment. To access this benefit, members must first call Amplifon at 1-888-265-8523 (TRS 711), 8 a.m.–8 p.m. For more information about hearing aid coverage, please see your Evidence of Coverage. Fallon Medicare Plus members may also use their Benefit Bank toward the copayment for an Amplifon hearing aid or toward the cost of hearing aids from other providers.

Non-network providers are providers who are not contracted with the Fallon Medicare Plus provider network. We cover certain health care services that you get from non-network providers. These include care for a medical emergency, urgently needed care, renal dialysis that you get when you are outside the plan's service area but within the United States and its territories, care that has been approved in advance by Fallon Medicare Plus, and services that we denied but that were overturned in an appeal. If a non-network provider asks you to pay for covered services, it is best to ask the non-network provider to bill us first. If you have already paid for the covered services, we will reimburse you for the cost, minus any applicable member cost-share. If you received a bill for the services, you can send the bill to us for payment. We will pay your doctor for covered services minus any applicable member cost-share. For more information on bills from non-network providers, please see your Evidence of Coverage.

Emergency services do not require referral or authorization. Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area, you must use plan providers for urgent care. When out of the service area, urgent care may be obtained from the first available provider. In addition, when out of the service area, you must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from an out-of-network provider, neither Medicare nor Fallon Medicare Plus will be responsible for the costs. After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable.

Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. For more information on emergent and urgent care and out-of-area coverage, please see your Evidence of Coverage.

## **What is the service area for Fallon Medicare Plus?**

The counties in our service area are listed below.

Barnstable, Berkshire, Bristol, Essex, Franklin, Hampden, Hampshire, Middlesex, Norfolk, Plymouth, Suffolk and Worcester counties.

## **How do you find Fallon Medicare Plus providers that serve your area?**

If you are looking for a **PCP**, follow these steps:

- Check the Table of Contents page in the beginning of this book for the "Primary care" section. Go to that section and look for internal medicine, family practice, general practice or geriatrics, then choose a town near you. Providers are listed by specialty and

county/town. You can choose any provider in the “Primary care” section to be your PCP, as long as they are accepting new patients.

-

If you are looking for a **specialist**, follow these steps:

- Check the Table of Contents page in the beginning of this book for the “Specialist” section. When you go to that section, you will see that specialties are listed in alphabetical order. Under each specialty, providers are listed by county, then by town. In most cases, you may see specialists only when referred by your PCP.

Some providers are accepting a limited number of patients or closed to new members. We have indicated if, according to our records, a provider is accepting new patients. You can find this information below the provider name in Section 2: List of Network Providers. It’s always best to check with each provider to be certain they are accepting new patients.

It is important to us that you be able to access key services—specifically primary care and behavioral health services—in a timely fashion. Fallon has standards for how long wait times can be to get an appointment for these providers.

### **Primary Care**

- Emergency care—immediately; 24 hours a day, 7 days a week
- Primary and preventive care—within 30 calendar days
- Routine/non-urgent care—within 48 hours
