Fallon Medicare Plus Premier HMO Schedule of Benefits

This *Schedule of Benefits* is part of your
2027 Fallon Medicare Plus Premier HMO Evidence of Coverage.
It describes your costs for health care.

You are a member of Fallon Medicare Plus through an employer group. Under this group plan, you have copayments that are different from those shown in your *2027 Fallon Medicare Plus Premier HMO Evidence of Coverage*. The information in this document replaces any information in your *Evidence of Coverage* that conflicts with it. If you have any questions about your benefits, please call Customer Service at 1-800-325-5669 (TTY users call 711), 8 a.m. to 8 p.m., Monday through Friday (7 days a week, Oct. 1 through March 31). Calls to these numbers are free.

Services that are covered for you	What you pay
Acupuncture for chronic low back pain Covered services include: Up to 12 visits in 90 days are covered under the following circumstances: For the purpose of this benefit, chronic low back pain is defined as: • Lasting 12 weeks or longer • Nonspecific, in that it has no identifiable systemic cause (i.e., not associated with metastatic, inflammatory, infectious disease, etc.) • Not associated with surgery • Not associated with pregnancy An additional 8 sessions will be covered for patients demonstrating an improvement. No more than 20 acupuncture treatments may be administered annually. Treatment must be discontinued if the patient is not improving or is regressing. Provider Requirements: Physicians may furnish acupuncture in accordance with applicable state requirements. Physician assistants (PAs), nurse practitioners (NPs)/clinical nurse specialists (CNSs), and auxiliary personnel may furnish acupuncture if they meet all applicable state requirements and have: • a master's or doctoral level degree in acupuncture or Oriental Medicine from a school accredited by the Accreditation Commission on Acupuncture and Oriental Medicine (ACAOM); and, • a current, full, active, and unrestricted license to practice acupuncture in a State, Territory, or Commonwealth (i.e., Puerto Rico) of the United States, or District of Columbia. Auxiliary personnel furnishing acupuncture must be under the appropriate level of supervision of a physician, PA, or NP/CNS required by our regulations.	You pay a \$10 copayment for Medicare-covered acupuncture services to treat chronic low back pain.

Services that are covered for you	What you pay
Ambulance services <i>For non-emergency ambulance services to be covered, your doctor or other plan provider must get prior authorization (approval in advance) from the plan.</i> Covered ambulance services, whether for an emergency or non-emergency situation, include fixed wing, rotary wing, and ground ambulance services, to the nearest appropriate facility that can provide care if they're furnished to a member whose medical condition is such that other means of transportation could endanger the person's health or if authorized by our plan. If the covered ambulance services aren't for an emergency situation, it should be documented that the member's condition is such that other means of transportation could endanger the person's health and that transportation by ambulance is medically required.	You pay a \$50 copayment for Medicare-covered ambulance transport (one-way). Ambulance services covered worldwide.
Chiropractic services Covered services include: • We cover only manual manipulation of the spine to correct a vertebral subluxation	You pay a \$10 copayment for each Medicare-covered office visit for chiropractic services.
Dental services <i>For diagnostic services, endodontics, adjunctive general services, restorative services, prosthodontic services (fixed and removable), periodontics, and oral and maxillofacial surgery to be covered, your doctor or other plan provider must get prior authorization (approval in advance) from the plan. Authorization requests must be sent directly by your treating network dental provider to the plan's dental benefit administrator, DentaQuest, for review.</i> In general, preventive dental services (such as cleaning, routine dental exams, and dental x-rays) aren't covered by Original Medicare. However, Medicare pays for dental services in a limited number of circumstances, specifically when that service is an integral part of specific treatment of a person's primary medical condition. Examples include reconstruction of the jaw after fracture or injury, tooth extractions done in preparation for radiation treatment for cancer involving the jaw, or oral exams prior to organ transplantation. In addition, we cover: • Preventive dental care including exam, cleaning, fluoride treatment and X-rays. Limited to twice a year.	You pay a \$0 copayment for each preventive dental visit. You pay copayments varying from \$0 to \$990 for comprehensive non-orthodontic dental care. See your "Addendum: Dental Services Copayments and Fees" for more information. You pay a \$15 copayment for emergency medical care of the sound natural teeth or tissue. You pay a \$15 copayment for each office visit for oral surgery services. You pay a \$15 copayment for Medicare-covered dental benefits. For information on additional

Hospice care You’re eligible for the hospice benefit when your doctor and the hospice medical director have given you a terminal prognosis certifying that you’re terminally ill and have 6 months or less to live if your illness runs its normal course. You can get care from any Medicare-certified hospice program. Our plan is obligated to help you find Medicare-certified hospice programs in our plan’s service area, including programs we own, control, or have a financial interest in. Your hospice doctor can be a network provider or an out-of-network provider. Covered services include: • Drugs for symptom control and pain relief • Short-term respite care • Home care When you’re admitted to a hospice, you have the right to stay in our plan; if you stay in our plan you must continue to pay plan premiums. For hospice services and for services that are covered by Medicare Part A or B and are related to your terminal prognosis: Original Medicare (rather than our plan) will pay your hospice provider for your hospice services and any Part A and Part B services related to your terminal prognosis. While you’re in the hospice program, your hospice provider will bill Original Medicare for the services that Original Medicare pays for. You’ll be billed Original Medicare cost sharing. For services that are covered by Medicare Part A or B and are not related to your terminal prognosis: If you need non-emergency,	When you enroll in a Medicare-certified hospice program, your hospice services and your Part A and Part B services related to your terminal prognosis are paid for by Original Medicare, not Fallon Medicare Plus Premier HMO. You pay a \$10 primary care doctor or a \$15 specialist office visit copayment for hospice consultation services.

non-urgently needed services that are covered under Medicare Part A or B and that aren't related to your terminal prognosis, your cost for these services depends on whether you use a provider in our plan's network and follow plan rules (like if there's a requirement to get prior authorization). • If you get the covered services from a network provider and follow plan rules for getting service, you pay only our plan cost-sharing amount for in-network services • If you get the covered services from an out-of-network provider, you pay the cost sharing under Original Medicare For services that are covered by Fallon Medicare Plus Premier HMO but are not covered by Medicare Part A or B: Fallon Medicare Plus Premier HMO will continue to cover plan-covered services that aren't covered under Part A or B whether or not they're related to your terminal prognosis. You pay our plan cost-sharing amount for these services. For drugs that may be covered by our plan's Part D benefit: If these drugs are unrelated to your terminal hospice condition, you pay cost sharing. If they're related to your terminal hospice condition, you pay Original Medicare cost sharing. Drugs are never covered by both hospice and our plan at the same time. For more information, go to Chapter 5, Section 9.4. Note: If you need non-hospice care (care that's not related to your terminal prognosis), contact us to arrange the services. Our plan covers hospice consultation services (one time only) for a terminally ill person who hasn't elected the hospice benefit.	
Inpatient hospital care <i>For inpatient hospital care to be covered, your doctor or other plan provider must get prior authorization (approval in advance) from the plan.</i> Includes inpatient acute, inpatient rehabilitation, long-term care hospitals and other types of inpatient hospital services. Inpatient hospital care starts the day you're formally admitted to the hospital with a doctor's order. The day before you're discharged is your last inpatient day. You are covered for an unlimited number of days in an acute care hospital. This includes substance use disorder services, but it does not include rehabilitation services.	You pay a \$300 annual deductible for inpatient admissions; this includes medical, surgical, detoxification, and rehabilitation services. If you get authorized inpatient care at an out-of-network hospital after your emergency condition is stabilized, your cost is the cost sharing you'd pay at a network hospital.

Services that are covered for you	What you pay
You are covered for up to 90 days of care in each benefit period in an inpatient rehabilitation facility or rehabilitation unit of an acute care hospital. If you exceed the 90-day limit in a benefit period, you may use your lifetime reserve days for additional coverage. See Chapter 12 for an explanation of “benefit period.” Covered services include but aren’t limited to: • Semi-private room (or a private room if medically necessary) • Meals including special diets • Regular nursing services • Costs of special care units (such as intensive care or coronary care units) • Drugs and medications • Lab tests • X-rays and other radiology services • Necessary surgical and medical supplies • Use of appliances, such as wheelchairs • Operating and recovery room costs • Physical, occupational, and speech language therapy • Inpatient substance abuse services • Under certain conditions, the following types of transplants are covered: corneal, kidney, kidney-pancreatic, heart, liver, lung, heart/lung, bone marrow, stem cell, and intestinal/multivisceral. If you need a transplant, we’ll arrange to have your case reviewed by a Medicare-approved transplant center that will decide whether you’re a candidate for a transplant. Transplant providers may be local or outside of the service area. If our in-network transplant services are outside the community pattern of care, you may choose to go locally as long as the local transplant providers are willing to accept the Original Medicare rate. If Fallon Medicare Plus Premier HMO provides transplant services at a location outside the pattern of care for transplants in your community and you choose to get transplants at this distant location, we’ll arrange or pay for appropriate lodging and transportation costs for you and a companion. • Blood - including storage and administration. Coverage of whole blood and packed red cells starts with the first pint of blood that you need.

Inpatient services in a psychiatric hospital <i>For inpatient services in a psychiatric hospital to be covered, your doctor or other plan provider must get prior authorization (approval in advance) from the plan.</i> Covered services include mental health care services that require a hospital stay. - There is a 190-day lifetime limit on mental health care in a psychiatric hospital. You may use your lifetime reserve days for additional coverage once you have used the initial 90 days, if you have not reached your 190-day limit. See Chapter 12 for an explanation of "benefit period." - You are covered for an unlimited number of days of inpatient mental health care in an acute care hospital.	You pay a \$300 annual deductible for inpatient psychiatric admissions.
Medicare Part B drugs <i>For certain Medicare Part B drugs to be covered, your doctor or other plan provider must get prior authorization (approval in advance) from the plan.</i> <i>Certain Part B drugs, including some anti-emetics, anti-inflammatories and chemotherapy may be subject to Part B step therapy. You can find a list of those drugs on our website at fallonhealth.org/medicare-formulary.</i> Part B drugs can be filled for up to a 90-day supply. These drugs are covered under Part B of Original Medicare. Members of our plan get coverage for these drugs through our plan. Covered drugs include:	There is no coinsurance, copayment, or deductible for drugs that are administered by a health care professional. You pay a \$10 primary care doctor or \$15 specialist office visit copayment. There are no service category or plan level deductibles for Part B covered prescription drugs or insulin. You pay up to a \$35 copay for one-month's supply of Part B

Services that are covered for you	What you pay
• Drugs that usually aren't self-administered by the patient and are injected or infused while you are getting physician, hospital outpatient, or ambulatory surgical center services • Insulin furnished through an item of durable medical equipment (such as a medically necessary insulin pump) • Other drugs you take using durable medical equipment (such as nebulizers) that were authorized by our plan • The Alzheimer's drug, Leqembi® (generic name lecanemab) is administered intravenously. In addition to medication costs, you may need additional scans and tests before and/or during treatment that could add to your overall costs. Talk to your doctor about what scans and tests you may need as part of your treatment • Clotting factors you give yourself by injection if you have hemophilia • Transplant/Immunosuppressive drugs: Medicare covers transplant drug therapy if Medicare paid for your organ transplant. You must have Part A at the time of the covered transplant, and you must have Part B at the time you get immunosuppressive drugs. Medicare Part D drug coverage covers immunosuppressive drugs if Part B doesn't cover them • Injectable osteoporosis drugs, if you're homebound, have a bone fracture that a doctor certifies was related to post-menopausal osteoporosis, and can't self-administer the drug • Some antigens: Medicare covers antigens if a doctor prepares them and a properly instructed person (who could be you, the patient) gives them under appropriate supervision • Certain oral anti-cancer drugs: Medicare covers some oral cancer drugs you take by mouth if the same drug is available in injectable form or the drug is a prodrug (an oral form of a drug that, when ingested, breaks down into the same active ingredient found in the injectable drug) of the injectable drug. As new oral cancer drugs become available, Part B may cover them. If Part B doesn't cover them, Part D does • Oral anti-nausea drugs: Medicare covers oral anti-nausea drugs you use as part of an anti-cancer chemotherapeutic regimen if they're administered before, at, or within 48 hours of chemotherapy or are used as a full therapeutic replacement for an intravenous anti-nausea drug • Certain oral End-Stage Renal Disease (ESRD) drugs covered under Medicare Part B	insulin when used with an item of durable medical equipment. Urgently needed services A plan-covered service requiring immediate medical attention that's not an emergency is an urgently needed service if either you're temporarily outside our plan's service area, or, even if you're inside our plan's service area, it's unreasonable given your time, place, and circumstances to get this service from network providers. Our plan must cover urgently needed services and only charge you in-network cost sharing. Examples of urgently needed services are unforeseen medical illnesses and injuries, or unexpected flare-ups of existing conditions. Medically necessary routine provider visits (like annual checkups) aren't considered urgently needed even if you're outside our plan's service area or our plan network is temporarily unavailable. Our plan covers worldwide emergency and urgent care services outside the United States under the following circumstances: emergency services, including emergency or urgently needed care and emergency ambulance transportation from the scene of an emergency to the nearest medical treatment facility. Transportation back to the United States from another country is not covered. Pre-scheduled, pre-planned treatments (including dialysis for an ongoing condition), routine care/visits, and/or elective procedures are not covered.	You pay a \$10 copayment for each Medicare-covered urgently needed care visit in the United States and its territories. You pay a \$75 copayment for each urgently needed care visit outside of the United States and its territories.

Chapter 6: What you pay for your Part D drugs explains the six cost-sharing tiers for your Part D drugs and tells what you must pay for a drug in each cost-sharing tier.

Section 5.1 What you pay for a drug depends on the drug and where you fill your prescription

During the Initial Coverage Stage, our plan pays its share of the cost of your covered drugs, and you pay your share (your copayment amount). Your share of the cost will vary depending on the drug and where you fill your prescription.

Our plan has six cost-sharing tiers

Every drug on our plan's Drug List is in one of six cost-sharing tiers. In general, the higher the cost-sharing tier number, the higher your cost for the drug:

- Cost-Sharing Tier 1: Preferred generic drugs (lowest tier)
- Cost-Sharing Tier 2: Generic drugs
- Cost-Sharing Tier 3: Preferred brand drugs
You pay no more than \$25 per month supply of each covered insulin product on this tier.
- Cost-Sharing Tier 4: Non-preferred drugs
You pay no more than \$35 per month supply of each covered insulin product on this tier.
- Cost-Sharing Tier 5: Specialty drugs (highest tier)
- Cost-Sharing Tier 6: Select care drugs (certain vaccines and anti-opioid drugs) (no-cost tier)

To find out which cost-sharing tier your drug is in, look it up in our plan's Drug List.

Your pharmacy choices

How much you pay for a drug depends on whether you get the drug from:

- A network retail pharmacy
- A pharmacy that isn't in our plan's network. We cover prescriptions filled at out-of-network pharmacies in only limited situations. Go to Chapter 5, Section 2.5 to find out when we'll cover a prescription filled at an out-of-network pharmacy.
- Our plan's mail-order pharmacy

For more information about these pharmacy choices and filling your prescriptions, go to Chapter 5 and our plan's *Pharmacy Directory* (fallonhealth.org/pharmacyfinder).

Section 5.2 Your costs for a one-month supply of a covered drug

During the Initial Coverage Stage, your share of the cost of a covered drug will be a copayment.

The amount of the copayment depends on the cost-sharing tier.

Sometimes the cost of the drug is lower than your copayment. In these cases, you pay the lower price for the drug instead of the copayment.

Your costs for a one-month supply of a covered Part D drug

Tier	Standard retail in-network cost sharing (up to a 30-day supply)	Mail-order cost sharing (up to a 30-day supply)	Long-term care (LTC) cost sharing (up to a 31-day supply)	Out-of-network cost sharing (Coverage is limited to certain situations; go to Chapter 5 for details.) (up to a 30-day supply)
Cost-Sharing Tier 1 (Preferred generic drugs)	\$0 copay	\$0 copay	\$0 copay	\$0 copay
Cost-Sharing Tier 2 (Generic drugs)	\$10 copay	\$10 copay	\$10 copay	\$10 copay
Cost-Sharing Tier 3 (Preferred brand drugs)	\$25 copay	\$25 copay	\$25 copay	\$25 copay
Cost-Sharing Tier 4 (Non-preferred drugs)	\$50 copay	\$50 copay	\$50 copay	\$50 copay
Cost-Sharing Tier 5 (Specialty drugs)	\$50 copay	\$50 copay	\$50 copay	\$50 copay
Cost-Sharing Tier 6 (Select care drugs (certain vaccines and anti-opioid drugs))	\$0 copay	\$0 copay	\$0 copay	\$0 copay

You won't pay more than \$35 for a one-month supply of each covered insulin product regardless of the cost-sharing tier.

Go to Section 7 of this chapter for more information on Part D vaccines cost sharing for Part D vaccines.

Section 5.4 Your costs for a *long-term* (up to a 100-day) supply of a covered Part D drug

For some drugs, you can get a long-term supply (also called an extended supply). A long-term supply is up to a 100-day supply.

Sometimes the cost of the drug is lower than your copayment. In these cases, you pay the lower price for the drug instead of the copayment.

Your costs for a *long-term* (up to a 100-day) supply of a covered Part D drug

Tier	Standard retail cost sharing (in-network) (up to a 100 -day supply)	Mail-order cost sharing (up to a 100 -day supply)

Cost-Sharing Tier 4 (Non-preferred drugs)	\$150 copay for up to a 90-day supply	\$100 copay for up to a 90-day supply
Cost-Sharing Tier 5 (Specialty drugs)	A long-term supply is not available for drugs in Tier 5.	A long-term supply is not available for drugs in Tier 5.
Cost-Sharing Tier 6 (Select care drugs (certain vaccines and anti-opioid drugs))	A long-term supply is not available for drugs in Tier 6.	A long-term supply is not available for drugs in Tier 6.

At a retail pharmacy, you won't pay more than \$70 for up to a 2-month supply or \$105 for up to a 3-month supply of each covered insulin product regardless of the cost-sharing tier. When obtained through mail-order, you won't pay more than \$70 for up to a 3-month supply regardless of the cost-sharing tier.
