A. Disclaimers

- NaviCare HMO SNP is a Coordinated Care plan with a Medicare contract and a contract with the Commonwealth of Massachusetts Medicaid program. Enrollment in the plan depends on the plan's contract renewal with Medicare. This plan is a voluntary program that is available to anyone 65 and older who qualifies for MassHealth Standard and Original Medicare and does not have any other comprehensive health insurance, except Medicare.

- This Directory lists health care professionals (such as doctors, nurse practitioners, and psychologists) and facilities (such as hospitals or clinics). This Directory also lists Long-term Services and Supports (LTSS) providers (such as Adult Day Health and Home Health providers) that you may use as a NaviCare member. We also list the pharmacies that you may use to get your drugs.

- These are referred to as "network providers" in this Directory. These providers signed a contract with us to provide you services. This is a list of NaviCare's network providers for the counties in NaviCare's service area: Barnstable, Berkshire, Bristol, Essex, Franklin, Hampden, Hampshire, Middlesex, Norfolk, Plymouth, Suffolk, and Worcester counties.

- This document is available for free in Spanish, Khmer, and Vietnamese. Other languages are available for free upon request.

- You can get this document for free in other formats, such as large print, braille, or audio. Call Enrollee Services at 1-877-700-6996 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (7 days a week, Oct. 1–March 31). The call is free.

- Your preferred language or request for material in an alternate format, both written and spoken, or request for information in an alternate format is requested by us on each member's enrollment form. Your language preference will be captured and stored in our central operating system for all future communications so you won't have to make a separate request each time.

  Enrolled members may change their preferred language or communications format by informing a member of their Care Team or by calling NaviCare Enrollee Services at 1-877-700-6996 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (7 days a week, Oct. 1–March 31).

- The list is up-to-date as of **May 5, 2026** but you need to know that:

  - Some NaviCare network providers may have been added or removed from our network after this Directory was published.

(This section is continued on the next page.)

- Some NaviCare providers in our network may no longer be accepting new members. If you're having trouble finding a provider who will accept new members, call Enrollee Services at 1-877-700-6996 (TRS 711) and we'll help you.
- To get the most up-to-date information about NaviCare's network providers in your area, visit fallonhealth.org/navicare or call Enrollee Services at 1-877-700-6996 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (7 days a week, Oct. 1–March 31). The call is free.
- Estate Recovery Awareness: MassHealth is required by federal law to recover money from the estates of certain MassHealth members who are age 55 years or older, and who are any age and are receiving long-term care in a nursing home or other medical institution. For more information about MassHealth estate recovery, please visit www.mass.gov/estaterecovery.

❖ Doctors and other health care professionals in NaviCare's network are listed in **Section C**. Pharmacies in our network are listed in **Section E**.

You can use the Index in the back of the Directory to find the page where a provider or pharmacy is listed.

B. Background Information about NaviCare's Network Providers

B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, drugs, equipment, and other services.
    - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a NaviCare member.
    - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.

(This section is continued on the next page.)

- A **Primary Care Provider** (PCP) is a physician, nurse practitioner, or physician assistant who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need to see a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** or **prior authorization** for a specialist or someone that isn't your PCP. A **referral** means that your network PCP must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that **NaviCare** (not your network PCP) must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, NaviCare may not cover the service, item, or drug.
  - Referrals or prior authorization **aren't** needed for:
    - emergency care;
    - urgently needed care;
    - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area; or
    - services from a women's health specialist.
  - Additionally, if you're eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they're out of our plan's network.
  - More information on referrals and prior authorization is available in **Chapter 3** of the Member Handbook.
- You'll also be assigned a **Care Team**. Your Care Team is dedicated to helping you meet your health goals. Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your Care Team may include:

(This section is continued on the next page.)

- A **Navigator** that helps you manage your medical providers and services. The Navigator works with you to create a plan, which becomes the blueprint for your care. The Navigator will also help identify any changes in your health and recommend action before a small concern becomes a potentially serious health risk.

- **A Geriatric Support Services Coordinator (GSSC)** that helps you coordinate your community long-term care and social support services. The GSSC is based out of your local Aging Services Access Point (ASAP). The ASAPs are listed on pages 5553 of this Directory. (Both the Navigator and GSSC may work as a part of your Care Team to make sure you get the care you need.)

- Your **Primary Care Provider**

- A **Nurse Case Manager** that teaches you about your medications and conditions.

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you'll get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that aren't an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you'll need to choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

Our plan's PCPs are affiliated with medical groups. When you choose your PCP, you're also choosing the affiliated medical group. This means that your PCP will be referring you to specialists and services that are also affiliated with their medical group.

- If there's a particular specialist or hospital that you want to use, it's important to find out if they're affiliated with your PCP's medical group. You can look in this Directory, or ask NaviCare Enrollee Services to check if the PCP you want makes referrals to that specialist or uses that hospital.

(This section is continued on the next page.)

- If you don't stay within your PCP's medical group, NaviCare may not cover the service.

To choose a PCP, refer to the list of providers in **Section C** and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you don't choose a PCP in our network, NaviCare will choose one for you.
- If you want help in choosing a PCP, please call Enrollee Services at 1-877-700-6996 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (7 days a week, Oct. 1–March 31). The call is free. Or, visit fallonhealth.org/navicare.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Enrollee Services and ask **before** you get the service or care.

B4. How to access Long-term Services and Supports (LTSS) providers

As a NaviCare member, you'll be able to get Long-term Services and Supports (LTSS) if you need them, such as Adult Day Health, which provides meals, supervision and assistance with medications, personal care, and socialization through organized activities, and Adult Foster Care, which pays for personal care services for members who qualify for a nursing home level of care.

Other Long-term Services and Supports include Group Adult Foster Care, Home Health Agency Care, Licensed Home Health Care, Certified Home Health Agency Care, Non-Emergent Transportation, Non-Medical Transportation, Aging Services Access Points, Personal Care Management, Independent Living Centers, and Fiscal Intermediaries. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, your Navigator or a Geriatric Support Services Coordinator (GSSC) can help you and your Care Team determine what options are available to support you in the way you want. You always have the right to have a GSSC on your Care Team.

B5. How to access NaviCare's network providers

You may need a referral for someone who isn't a Primary Care Provider (PCP). There's more information about referrals in **Section B1.**

(This section is continued on the next page.)

You must get all of your covered services from providers within our network that are affiliated with your PCP's medical group. If you use providers who aren't in NaviCare's network and aren't affiliated with your PCP's medical group **(without prior authorization), you may have to pay the bill.**

A **prior authorization** is an approval from NaviCare to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan or your PCP's medical group for other non-emergency services if NaviCare gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider. For some providers, you may need a referral from your PCP. You may change your PCP by calling Enrollee Services at 1-877-700-6996 (TRS 711), 8 a.m.–8 p.m., Monday–Friday (7 days a week, Oct. 1–March 31), or by going online to fallonhealth.org/navicare (click on "MyFallon online tools" under "Member resources").
- Remember, our plan's PCPs are affiliated with medical groups. If you change your PCP, you may also be changing medical groups. When you ask for the change, be sure to tell Enrollee Services if you're seeing a specialist or getting other covered services that require PCP approval. Enrollee Services will help make sure that you can continue your specialty care and other services when you change your PCP.
- NaviCare works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and aren't sure if they offer the accommodations you need, NaviCare can help you. Talk to your Navigator for assistance.

C. NaviCare's List of Network Providers

This part of the Directory includes a list of NaviCare's network providers who participate in and accept NaviCare. It contains:

- **Health care professionals** including primary care providers, specialists, behavioral health providers, dental service providers, and vision service providers.
- **Facilities** including hospitals, nursing facilities, and behavioral health facilities; and
- **Support providers** including Long-term Services and Supports (LTSS) (for example, adult day health) and community support services (for example, peer supports).

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

To find a network provider near you, check the table of contents at the beginning of this book and find the section listing for that provider type (such as Primary Care Provider). Go to that section and choose a town near you. Providers are listed by specialty and county/town.

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, such as languages spoken (including American Sign Language (ASL)) or completion of cultural competence training.

Below is a legend to explain the statuses indicated throughout the Directory.
