Important information

What’s an Accountable Care Organization (ACO)?
Berkshire Fallon Health Collaborative (BFHC) is a MassHealth Accountable Care Organization (ACO) Partnership Plan. It’s made up of Berkshire Health Systems (BHS), several Berkshire County community physician practices, Community Health Programs (CHP) and Fallon Health. Fallon Health is a leading health care services company that has been caring for MassHealth members for over 45 years.

An ACO is a health plan that's accountable to provide you with high-quality care. An ACO helps you meet your health goals. ACOs have groups (networks) of Primary Care Providers (PCPs) and other providers. They work together to meet your overall health care needs. In an ACO, your PCP and their team is responsible for working with you and your other providers. This coordination will help you get the right care at the right time.

What’s the service area for BFHC?
You must live in the BFHC service area to be enrolled in BFHC. It includes the cities and towns in Berkshire County. For a complete list of cities and towns, see your Member Handbook.

About this provider directory
This provider directory is arranged in sections.

- On pages vii-x is an alphabetical listing of Massachusetts hospitals with emergency room services located in all areas of the state. If you need to access emergency care, you can go to any of these hospitals without a referral. An alphabetical listing of BFHC’s contracted network hospitals can be found on page 770.
- On pages xi-xviii is an alphabetical listing of statewide behavioral health (mental health and/or substance abuse) emergency services program (ESP) providers located in all areas of the state. If you are having a behavioral health crisis/emergency, you can access any of these services programs 24 hours a day, seven (7) days a week. No referral is necessary for emergency behavioral health services.
- On pages 529-543 is an alphabetical listing of all the towns where BFHC PCPs are located. There’s an alphabetical listing of BFHC PCPs arranged by primary care type. Each provider’s entry includes the following applicable information:

<table>
<thead>
<tr>
<th>His or her name</th>
<th>Handicapped accessibility</th>
<th>Languages spoken</th>
</tr>
</thead>
<tbody>
<tr>
<td>Address</td>
<td>Open, closed or limited panel</td>
<td>Medical interpreter services</td>
</tr>
<tr>
<td>Phone number</td>
<td>Interpreter services</td>
<td>Office hours</td>
</tr>
<tr>
<td>The hospital(s) to which he or she can admit patients</td>
<td>Areas of special experience, skills and training</td>
<td>Braille and sign language service</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Cultural competency training</td>
</tr>
</tbody>
</table>

- Pages 544-739 include an alphabetical listing of all BFHC contracted specialty providers. Each provider entry includes the same information as listed above.
- Pages 1-528 include an alphabetical listing of all BFHC contracted behavioral health providers. Each provider entry includes the same information as listed above, as well as licensing information.
The information contained in this book is current as of the date of printing. For the most current listing, you can visit fallonhealth.org/Berkshires to search for providers online. Simply click on “Find a doctor,” and in the Advanced Search section, select BFHC in the "Search a specific plan’s network."

Copies of this provider directory are available in Spanish, large print and other alternate formats like Braille by calling Fallon’s Customer Service Department at 1-855-203-4660 (TRS 711), Monday through Friday from 8 a.m. to 6 p.m. You can also call this number to have this Provider Directory read to you in English or in other languages, or if you are looking for a particular physician who is not listed here.

Some providers are accepting a limited number of new patients. We have indicated this status with a lowercase “L” (l) following these providers’ names. However, it’s always best to check with each provider to be certain he or she is accepting new patients.

Below is a legend to explain the statuses indicated throughout the directory.

<table>
<thead>
<tr>
<th>Status</th>
<th>Explanation</th>
</tr>
</thead>
<tbody>
<tr>
<td>l</td>
<td>Accepting a limited number of patients; call provider office</td>
</tr>
<tr>
<td>c</td>
<td>Closed to new members</td>

<tr>
<td>mt</td>
<td>Medical interpreter services</td>
</tr>
<tr>
<td>tp</td>
<td>Available by mass/public transportation</td>
</tr>
<tr>
<td>v</td>
<td>Available for routine vision services</td>
</tr>
</tbody>
</table>

**Choosing a primary care provider (PCP)**

In an ACO, your PCP and their team is responsible for working with you and your other providers to manage your basic health care needs. Each family member covered by BFHC must select a PCP. You can choose from among these types of PCPs:

- A provider of internal medicine for adults
- A provider of family practice for adults and children
- A provider with an OB/GYN specialty listed in the primary care provider section (for women only)
- A pediatrician for children (usually up to age 18)

If you need to change your PCP, you can do so by calling Fallon Customer Service at 1-855-203-4660 (TRS 711), or by visiting fallonhealth.org/Berkshires. To search for providers online, simply click on “Find a doctor,” and in the Advanced Search section, select BFHC in the "Search a specific plan’s network."

**Specialty care providers and referrals**

When you see specialists at BHS or CHP, you don’t need a referral from your PCP. If you wish to see a specialist who is in the BFHC network, but who is not a BHS or CHP specialist, then you must get a referral from your BHS or CHP PCP. For example, if you need to see an allergist, a doctor that takes care of you when you have allergies and who is not a BHS or CHP specialist, your PCP will arrange a referral for you. Generally, you may not set up an appointment with a specialist without first consulting your PCP. In some cases, you don’t need to get a referral. For example, you can receive behavioral health services, OB/GYN services, family planning services and eye exams without calling your PCP first.
Family planning services can be obtained from any contracted BFHC provider, including your PCP or an OB/GYN provider located at a community health center, multi-specialty group practice or individual office, without a referral. This includes birth control methods as well as exams, counseling, pregnancy testing and some lab tests. Call Fallon Customer Service at 1-855-203-4660 if you need help finding a provider for family planning services.

If you need behavioral health services, you may choose any provider in BFHC’s behavioral health network. You can make the appointment on your own or call Carelon Behavioral Health Strategies, LLC at 1-888-877-7184 (TTY: 711), Monday through Friday 8 a.m. to 6 p.m., to help you find a provider. Or, visit them online at www.beaconhealthoptions.com. You may also ask for assistance from your PCP.

Preauthorization may be required from your PCP for acupuncture services. If you are seeking these acupuncture services for detoxification treatment, please contact Carelon Behavioral Health at 1-888-877-7184 (TTY: 711), Monday through Friday 8 a.m. to 6 p.m., to help you find a provider.

To search for specialty care or behavioral health providers online, simply click on “Find a doctor,” and in the Advanced Search section, select BFHC in the “Search a specific plan’s network.”

See the section entitled “We’ll help you pick a primary care provider” in your Member Handbook for information about scheduling health care appointments as well as information about referrals and authorizations.

What are Community Partners (CPs)?
Community Partners are community-based health care and human service organizations that partner with MassHealth Accountable Care Organizations (ACOs), like Berkshire Fallon Health Collaborative (BFHC) and support MassHealth’s commitment to:

- Improve member experience, continuity and quality of care
- Promote collaboration to address social determinants that impact an individual’s stability and wellbeing
- Strengthen communications and care coordination across health, behavioral health, long term services and supports, and social service needs
- Support individuals with disabilities to live in the community independently

There are two types of CPs: Long-Term Services and Supports CPs (LTSS CPs) and Behavioral Health CPs (BH CPs). LTSS CPs provide care coordination support for people with complex long-term services and support needs. This includes members with physical disabilities, traumatic brain injury, intellectual or developmental disabilities and others. BH CPs provide appropriate treatment and recovery support for individuals with complex behavioral health conditions. Please note that members can only access CP providers if they are identified as being eligible. The CPs included in the BFHC network are listed on page 768.

Emergency and post-stabilization services
Emergency and post-stabilization services do not require referral or authorization. When you have an emergency health condition, you should go to the nearest hospital emergency room or call your local police department, fire department, or 911. You can find a list of statewide hospital emergency rooms beginning on page vii of this directory. For behavioral health emergencies, you may also call your local behavioral health emergency services program (ESP) provider. A list of statewide ESP’s is located in this directory beginning on page xi. You should notify your health care provider about your emergency as soon as possible. You or someone else should call to tell your PCP about your emergency care within 48 hours and, if you experienced a behavioral health emergency, someone should contact your behavioral health provider within 48 hours. For more information on emergency benefits and plan procedures for emergency services, see the section titled “We’ll help you pick a primary care provider” in your Member Handbook.
Getting care when you travel
You are covered for emergency services, post-stabilization services and urgent care services, such as injuries and sudden illnesses, wherever you travel, even if you are outside of Fallon’s service area. If you become seriously sick or hurt while you are away, go to the nearest doctor or hospital emergency room or call 911. Be sure to call your PCP, and, if applicable, your behavioral health provider, within 48 hours of receiving emergency, post-stabilization or urgent care while you travel. Routine care when you travel is not covered. For more information on getting care when you travel, consult your Member Handbook in the section titled “Getting care when you travel.”

If you get a bill
As long as you go to a BFHC network provider or have BFHC’s approval to go to an out-of-network provider, your provider cannot bill you for a service that is covered under the BFHC MassHealth ACO Partnership Plan. But, if you get a bill for services you got from a provider, contact the Fallon Customer Service Department at 1-855-203-4660. A representative will help you with the bill. For more information on what to do if you get a bill, see the section titled “Important things to remember about BFHC” in your Member Handbook.

Care Connect
There is no such thing as a bad question—especially when it comes to your health. Medical questions can arise at any time, day or night. Monday through Sunday—even holidays. Care Connect gives you access to nurses who can answer health questions. They can also help you decide if you should go to the emergency room. Care Connect can give you:
- Health education and at home treatment options for less severe conditions
- Referral to your doctor or other clinical office for non-urgent care.
- Assistance with scheduling in office or virtual doctor appointments
- After hours paging of your doctor for urgent needs
- Assistance with Urgent Care appointments
- Referral to the Emergency Room when needed

Care Connect is a valuable resource provided to members, but should not replace a visit with your primary care provider (PCP). Depending on the problem, Care Connect may help you schedule an appointment with your PCP after the call.

Care Connect is available 24 hours a day/7 days a week. Call 1-800-609-6175 (TDD/TTY: 1-800-848-0160).

Questions?
If you:
- Cannot find your provider in this directory.
- Would like to have this directory read to you.
• Would like a copy of this directory printed in a larger type size.
• Would like this directory in Spanish.
• Have questions about anything contained in this directory.

Please call our Customer Service Department Monday through Friday, 8 a.m. to 6 p.m. at:

1-855-203-4660 (TRS 711)

10 Chestnut St. • P.O. Box 15121 • Worcester, MA • 01615-0121 • fallonhealth.org/Berkshires

To learn about BFHC and your other health plan options, call the MassHealth Customer Service Center at 1-800-841-2900 (TDD/TTY: 1-800-497-4648) Monday through Friday, 8 a.m. to 5 p.m.
Below is a listing of Massachusetts hospitals that offer emergency room and post-stabilization services, twenty-four (24) hours a day, seven (7) days a week. If you need to access emergency care, these hospitals are available for you to use. You can go to any hospital listed below for emergency care without a referral. Fallon Health’s participating hospitals are listed in the section of this provider directory titled “Hospitals”, beginning on page 770.

Children’s Behavioral Health Initiative (CBHI) services
Listed here are the CBHI services in Massachusetts. CBHI is an interagency undertaking by the Executive Office of Health and Human Services and MassHealth whose mission is to strengthen, expand and integrate Behavioral Health Services for Enrollees under the age of 21 into a comprehensive system of community-based, culturally competent care. **NOTE: Additional CBHI Services can be found in Community Service Agency and Emergency Service Provider sections of this directory.**

Notice of inclusion resources

At Fallon Health, we believe everyone deserves access to health care without discrimination. We work every day to help people of any age, income level, race, color, ethnicity, national origin, disability, religion, sexual orientation, sex, gender identity, and health status achieve their health goals.

To make sure you have access to all the resources and information necessary to understand and access your health plan benefits, we:

- Provide **free aids and services**—such as qualified sign language interpreters and written information in other formats, including large print, braille, accessible electronic formats and other formats
- Provide **free language services**—such as qualified interpreters and information written in other languages—to people whose primary language is not English.
- Have **dedicated resources, individuals, and teams** that specialize in reviewing our policies to ensure inclusion of the unique needs of our transgender and gender diverse members.

If you need access to or wish to discuss any of this information or resources, **please call us** at the phone number on the back of your member ID card. Or you can email us at cs@fallonhealth.org.

If you believe Fallon or a provider has **discriminated against you or didn’t provide these resources**, please tell us. You can write, call, or email us at:

- Compliance Director Phone: 1-508-368-9988 (TRS 711)
- Fallon Health Email: compliance@fallonhealth.org
  10 Chestnut St., Worcester, MA 01608

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights online at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf or by mail or phone at:

- U.S. Department of Health and Human Services
  200 Independence Avenue SW., Room 509F, HHH Building
  Washington, D.C., 20201
  Phone: 1-800-368-1019 (TDD: 1-800-537-7697)

Behavioral Health Providers

Behavioral health services range from outpatient/home services to inpatient and 24-hour diversionary services programs. To get services and/or find a provider, you can call Carelon Behavioral Health Strategies, LLC at 1-888-877-7184 (TTY: 711). In a behavioral health emergency, call 911, go to an emergency room or contact your local emergency services program (ESP) provider. A statewide list of ESPs can be found in this directory under the heading "Behavioral health emergency services program (ESP) providers." Always notify your behavioral health provider and your PCP as soon as possible after an emergency.
Counseling providers

If you think you should see a behavioral health provider, you should first speak with your primary care provider (PCP). However, you can choose to make an appointment yourself with a behavioral health provider. No prior authorization is required for the first 12 visits. However, after that you would need prior authorization from the plan. If you need help finding a behavioral health provider, please call 1-888-877-7184 (TTY: 711). All outpatient behavioral health providers offer 24-hour on-call coverage.

Inpatient and 24-hour diversionary services programs

All inpatient behavioral health and 24-hour diversionary services facilities are open 24 hours a day, 7 days a week. MassHealth requires you to be evaluated by an Emergency Services Program (ESP) provider before you can be admitted to an inpatient behavioral health or 24-hour diversionary services facility. A listing of ESPs can be found in this directory under the heading "Behavioral health emergency services program (ESP) providers".

Primary care

Your primary care provider (PCP) provides and coordinates your care. You may call your PCP’s office 24 hours a day, 7 days a week. If your PCP is not available, another healthcare provider will help you. Some internal medicine providers offer basic gynecological care for female members. Some family practice providers offer obstetrical care. You should call the provider’s office to find out if those services are provided. Women may choose an obstetrician/gynecologist as a PCP.

Specialists

In most cases, you may see specialists only when referred by your PCP. Generally, you may not set up an appointment with a specialist without first consulting your PCP, with the exception of OB/GYN and family planning services which do NOT require a referral.

Hospitals

Your provider should decide which hospital you go to when you need hospital care. All participating hospitals are open 24 hours a day, 7 days a week. Remember you can go to any statewide hospital emergency room without a referral.

ONSET OF SYMPTOMS - SEEK IMMEDIATE MEDICAL ATTENTION

If you are experiencing any of the following symptoms, seek immediate medical attention:

- Severe headache
- Confusion
- Difficulty speaking or understanding speech
- Sensitivity to light
- Seizure-like activity
- Loss of consciousness
- Loss of movement or numbness

Diagnosis

A diagnosis of optic neuritis is made based on the clinical presentation and the results of a neurological examination, including visual field testing.

Treatment

Treatment for optic neuritis typically involves the use of corticosteroids to reduce inflammation and swelling in the optic nerve. This may be followed by a tapering off of the corticosteroids and the use of immunomodulatory therapies.

Prognosis

The prognosis for optic neuritis is generally good, with most patients experiencing a full or partial recovery of vision over time. However, some patients may experience permanent visual loss.

Prevention

There is no known method to prevent optic neuritis.

Optic Neuritis Support Group

For those affected by optic neuritis, there are support groups available that can provide emotional support and information on coping with the condition.

Urgent care centers and mini clinics

Urgent care is care that is needed right away, but that you don't think is an emergency. Mini clinics are generally staffed by nurse practitioners and physician assistants who are trained to diagnose and treat common illnesses, minor injuries and skin conditions to help you get better. If you experience a medical condition that requires urgent care, you should call your PCP first. If the doctor can't see you for 48 hours, ask if a mini clinic visit would be appropriate. Remember, mini clinics do not take the place of your health care provider and you should continue to schedule regular and ongoing visits with your PCP. Mini clinics are open 7 days a week and on evenings and weekends. Hours of operation may vary by location and no appointments are required.

Ancillary providers
Ancillary providers are doctors and facilities, which provide additional care and services not typically provided by your PCP or other specialists. For example, a facility that provides X-rays or MRIs would be an ancillary provider. Another example would be a laboratory that processes blood work. See the Covered Services List that came with your Member Handbook for ancillary services that need prior authorization. If you have any questions, please call our Customer Service department at the number listed below.
